Do you think there is anything else could we could do around school to make it more sustainable/ environmentally friendly?

282 responses

Find a efficient way to use the school resources.

Better quality lunch

for teaching materials - only print/laminate what considered necessary. However, we prefer to see our children able to write on paper rather than working on screen, - school need to find balance on this

plant trees.

Plant more trees

,

Turning food waste into fertilisers, reduction of electricity usage after 12PM.
