Message from the Head of Year 7 & Transition

A warm welcome to the secondary school at S107. As you will discover, we pride ourselves in being an inclusive, community school, where every child is known as an individual, and all children can achieve their ambitions, whatever they may be.

The transition from primary to secondary school is an exciting time for students and their parents. It is the next stage in a lifelong educational journey leading to new experiences and challenges. After the relatively familiar surroundings of primary school, it can be daunting moving to a secondary school where there are so many new experiences to navigate.

This handbook has been designed to support all students and parents transitioning to our Secondary school in the near future. We endeavour to make our future families and students as comfortable as possible before their big move up to secondary school, so we hope this will be useful for you.

Mr Mark Anderson

Head of Year 7 & Transition

Message from The Head of School

Resilience, kindness, adaptability, internationally-mindedness, creativity - these will be some of the powerful attributes possessed by our students as they enter their post-school world.

Here at S107, we are passionate about the difference we make and have built a reputation for excellence in teaching and learning and pastoral care. We believe in developing the whole student so they will not only leave us with the academic qualifications desired by top universities but also a range of desirable attributes, skills and interests which will help them become lifelong learners and global citizens.

Our spacious, well resourced campus and highly-qualified staff help us provide high academic standards in a nurturing yet challenging environment, where the students can feel safe and enjoy learning. At S107, we are dedicated to offering all of our learners an outstanding and varied experience as part of our welcoming and diverse school community coming from over 40 different nationalities.

Our aim to support all of our children to become flourishing, confident and caring learners is what makes us so popular with our community. S107 is more than just a school, it is a loved and inclusive community where all of our students make the most of their opportunities, aim to be the best they can be, and truly care for their community and planet, as they grow into happy, confident, and ethical individuals.

We are very proud of our forward thinking and inclusive school. If you share our thinking and would like to learn more, I encourage you to visit our school and apply to join the community of S107. We look forward to welcoming you to our spacious, vibrant and green suburban campus soon.

Transition Week Schedule

To make sure students and parents are prepared for the first day of Year 7, we have a special transition morning the day before the first day of school. All students and parents will assemble in the Sports Arena where all administrative tasks can be completed, such as completing medical forms, buying school uniforms and picking up school ID cards. The students will then get to meet their tutor and classmates, receive their new timetables and will be shown where each classroom is. This means they will start their first day of secondary school with confidence.

	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	Student meet tutor Set up IT Receive timetable Buy uniform Complete medical documents (parents) Parking stickers (parents) Photo taken for iSams School Tour	Extended tutor time Normal lessons - induction	Normal lessons - induction	Normal lessons - induction	Normal lessons - induction
Afternoon	Finished for the day
